## Missions

In under girding all of our outreach ministries, there is a strong emphasis on missions beyond our church, both at home and around the world. We support missionaries from our church who travel abroad, and support monthly missions with our prayers and finances.

Restoration Christian Fellowship Church is actively involved in supporting Missionaries, Tom and Nancy Cook. They have a house church that is growing. Sometimes up to forty people attend. They praise, preach, and pray. Nancy has an anointing to pray. Many are being touched by God and many are being healed. They visit local children's homes and bring needed supplies. They provide Scholarships to local Christian schools. There are nine kids in their Scholarship program this year. It costs about \$300,00/year to send one child. They help people with medical needs. A 4 year-old girl with a severe hearing impairment received a hearing aid from them and a Scholarship to a special school. A 13 year-old girl who was born missing her leg below the knee will get her second artificial leg through their

ministry. (They gave her one two years ago.) Her leg will costs around \$500.00. Not much for a leg! She is also a Scholarship kid, and an angel.
